

## **WMB Announcements**

**Note:** The following can be used as a whole for a two-minute announcement or broken into several shorter announcements (breaks are marked with asterisks).

We are told that more than a third of the world's population has never heard the good news of Jesus even once. Many cannot be reached by traditional methods. But amazingly, more than 99 percent of the world can be reached by radio. It can go where we cannot. It can reach the literate and illiterate alike.

World Mission Broadcast is aired in 75 countries and in 33 languages and dialects. This powerful ministry is reaching the unreached! With radio, television and internet broadcasts, we are currently supporting approximately **2 million minutes** of air time annually. Broadcasts are being produced more on a local basis, allowing us to take advantage of **decreased** airtime costs, so now all it takes to produce **one minute of air time is \$4.00!** Someone may need that very minute to hear the gospel that you help provide. How many minutes will you support?

Because you give to World Mission Broadcast, a 30-minute broadcast is heard every night in China, a program targeted at young people and sponsored by the Church of the Nazarene. The offering for World Mission Broadcast is not just an offering; it is people finding the Lord!

Give generously to World Mission Broadcast! It is Reaching the Unreached.

(Given offstage via microphone) "We interrupt this service to bring you exciting world news via World Mission Broadcast: The General Board of the Church of the Nazarene recently voted to enter Iraq and Zanzibar in 2006. Praise God for opening further opportunities to share the Good News of salvation. This makes 151 world areas in which the Church of the Nazarene has a presence."

"World Mission Broadcast speaks behind doors closed to missionaries and in areas that, due to geographical conditions, are challenging to reach. The message of hope and salvation travels around the world on the air waves."

"World Mission Broadcast ministers by radio, television, and Internet with 91 programs in 80 countries in 33 languages and dialects through a total of 1355 broadcasts. All of this for only \$4.00 per minute! How many minutes will you sponsor?"
