<i>Total SAM Region Languages, Programs, Countries</i>	5	37	24****	

	<u>Languages</u>	<u>Programs</u>	<u>Countries</u>
<i>*Total All WMB Programs, Languages, Countries</i>	30**	94***	73****

*The statistics for World Mission Broadcast literally change day by day: programs are discontinued or revised to meet the needs of local and regional listeners; new programs are added on a regular basis. The World Mission Broadcast office will make official updates to these broadcast statistics annually.

** The Spanish, Portuguese & English languages were counted only once in the total number of WMB languages even though there are multiple broadcasts, in multiple countries in these languages.

***WMB currently produces programs worldwide. Each program was counted one time but can air on multiple stations and in multiple countries within a region.

****Some WMB programs air in countries both inside and outside their respective regions. These countries are Ethiopia, Sudan, Puerto Rico, Guatemala, Mexico, Nicaragua, and Panama. These countries were counted only once in the grand total of 73 WMB countries.
